DESCRIZIONE PRODOTTO

Flip Wall Sconce is a wall lamp with an original and contemporary design. Its shape plays on the contrast between the compact volume of the ceramic base and the luminous opal glass sphere, creating a dynamic and light visual balance.

The design recalls the movement of pinball flippers: the sphere seems to rest and almost “roll” on the lamp's inclined body, transforming a simple light point into a small furnishing element with strong character.

A perfect decorative wall lamp for entrances, hallways, living areas, or reading corners, Flip fits naturally into both modern environments and more colorful, creative spaces. The various finishes available allow you to choose a more understated or vibrant version, depending on the room's style.

The Flip collection is also available as a **table lamp**, to create coordinated pairings or more personal compositions.

TECHNICAL SPECIFICATIONS

Type: Wall sconce / wall lamp

Material: ceramic and opal glass

Bulb: 1 x max 33W G9

Bulb included: no

Dimensions: W 15 cm | H 9.5 cm | D 15 cm

AVAILABLE FINISHES

Flip Wall Lamp is available in the following finishes:

- **black enamel, cream, light blue, Bali green, yellow, robot blue, fox orange.**

WHY CHOOSE IT

Flip is ideal for those who want a compact, decorative lamp that differs from traditional wall lights. The opal sphere diffuses a soft, pleasant light, while the colored ceramic base adds personality to the wall without weighing down the room.
