DESCRIZIONE PRODOTTO

The **Gea Luce Flor Ø60 cm ceiling light** is the ideal solution for those seeking modern, compact, and elegant lighting. Its **luminous ring** design provides visual lightness and integrates perfectly into contemporary environments, enhancing the space with a minimal and refined style.

Made with an **aluminum structure** and **opal white methacrylate diffuser**, it guarantees uniform light distribution, preventing glare and ensuring high visual comfort.

The **integrated 50W LED source** develops a luminous flux of **3700 lumens**, ideal for small and medium-sized rooms such as bedrooms, hallways, offices, or kitchens. The **3000K warm light** helps create a cozy and relaxing atmosphere.

The ceiling light is **dimmable via an external phase-cut dimmer or push system** (not included), allowing you to adjust the light intensity according to your needs.

Thanks to its **60 cm diameter**, Flor is a versatile choice, perfect as a single light point or in combination with other sizes from the same collection for coordinated compositions.
