DESCRIZIONE PRODOTTO

Nekkar is a modern and minimalist LED table lamp, designed to provide practical and adjustable lighting for desks and bedside tables

Thanks to its **synthetic material structure with a flexible silicone arm**, this desk lamp allows you to easily direct light where needed. It is ideal for **studying, reading, computer work, or bedside lighting**, ensuring maximum visual comfort.

The **integrated 5W LED** ensures low energy consumption and efficient lighting with **350 lumens** and a **3000K color temperature**—a warm light perfect for creating a cozy and relaxing indoor atmosphere.

A standout feature is the **touch dimmer control on the base**, allowing you to easily turn it on, off, and adjust brightness with a simple touch. This function adapts the light to various needs, from reading to ambient lighting.

The **Gea Luce Nekkar table lamp** is available in several elegant **glossy finishes—white, gray, light blue, and black—**making it perfect for various decor styles: modern, minimal, contemporary, or for children's rooms and professional offices.

Compact, functional, and elegant, Nekkar is a versatile lighting solution combining **design, LED technology, and ease of use**, perfect for those seeking a modern, adjustable table lamp.
