DESCRIZIONE PRODOTTO

The **Iluna** outdoor table lamp represents the perfect combination of modern design and innovative technology. This lighting product is equipped with energy-efficient SMD LEDs, ensuring constant and uniform brightness.

The body of the lamp is made of painted die-cast aluminium, giving it robustness and durability, while the transparent polycarbonate diffuser ensures even light distribution without glare.

TECHNICAL FEATURES

Equipped with a practical **ON/OFF** switch and a **dimmer** that allows you to adjust the light intensity from 100% to 5%, the **Iluna table lamp** is extremely versatile in any context. Moreover, thanks to the light intensity memory, you will be able to keep your preferred settings without having to re-adjust them each time.

A distinctive feature of this lamp is the possibility to change the light colour temperature from **2700K**

to 3000K. This feature allows the lighting atmosphere to be adapted to different needs and preferences, offering unique customisation.

The **Iluna table lamp** is powered by a high-capacity 3,000mA Li-ion battery, which is equipped with protection and charge limiter to ensure maximum safety. The included contact charger, complete with a 1.5 metre long USB cable and a 100-240V, DC5V/1A adapter, ensures convenient charging without having to purchase additional accessories.

With a full charge time of only 4.5 hours, the Iluna table lamp offers an operating time at maximum load (maximum light) of up to 7.5 hours, ensuring long hours of uninterrupted illumination.

- Dimensions: diameter 12 cm | height 32 cm
 - IP 65
 - 2700 - 3000 K

In conclusion, the **Iluna outdoor table lamp** stands out for its cutting-edge technology, contemporary design and versatility of use. A product that combines aesthetics and functionality, offering a unique and customisable lighting experience to enrich any outdoor space.
