## DESCRIZIONE PRODOTTO

The **Akala ceiling light** combines **style, technology, and sophistication**. Made of **golden metal** and adorned with **decorative crystals**, it adds a **touch of elegance** to any space.

The structure consists of **two concentric circles**, one with a **50 cm** diameter and the other with a **30 cm diameter**, creating a unique and harmonious lighting effect. With a **height of 20 cm**, Akala fits perfectly even in **rooms with low ceilings**, without sacrificing style and presence.

Thanks to **LED technology**, the ceiling light provides a diffuse and even illumination to the environment.

The **3000K color temperature** offers a **warm and welcoming light**, ideal for creating relaxing atmospheres in living rooms, bedrooms, or living areas.

The **3-step dimmable system** allows you to adjust the light intensity according to the moment and desired atmosphere.
