

**RECTANGULAR PLATE - SIMONETTI CERAMICA DI CASTELLI****€ 113,00 - € 180,00**

Rectangular plate

Rectangular ceramic dish in bold colours with a beautiful sun as the central decoration. The 'Astri e Sogni' collection proposed by Ceramiche Simonetti takes its inspiration from the ceiling tiles of the Church of San Donato in Castelli (1615), a collection that consists of different objects, shapes and subjects. On the tiles that make up the ceiling of the church, there are astral subjects: the Sun, the Moon and the stars, which were propitiatory symbols. Taking inspiration from them and thanks to the contribution of young artists, a collection has been developed that consists of many original furnishing accessories.

Dimensions:

S: cm 34x26

M: cm 44x36
