DESCRIZIONE PRODOTTO

The TK Lighting 3-light pendant lamp stands out for its combination of amber glass, gold details, and black structure.

The three ribbed glass diffusers, each with a different shape, hang from the circular canopy, creating a light and dynamic composition. The small decorative spheres above each diffuser add an **original touch**, while the cognac-colored glass gives the light a particularly warm, inviting glow.

Sophia is an interesting solution for lighting a round table, a corner of the living room, or a bedroom. It pairs easily with contemporary furnishings, as well as classic interiors reimaged in a modern key. The cable height is adjustable, allowing you to arrange the three pendants to suit the available space.
