DESCRIZIONE PRODOTTO

The Sophia Cognac 8-light pendant features a linear composition of amber glass diffusers arranged at different heights.

Unlike other versions in the collection, this model features **a rectangular base** that allows the eight light points to be distributed across a wider surface. The ribbed cognac-colored glass, paired with gold details and a black frame, creates a balanced blend of decorative elements and contemporary lines.

With a width of **95 cm**, the 8-light Sophia is particularly suitable over a rectangular dining table, a kitchen island, or in a spacious living room. The staggered arrangement of the diffusers creates movement without overwhelming the environment.

Adjustable cables allow you to modify the height of the composition, making the pendant suitable even for rooms with high ceilings.
