DESCRIZIONE PRODOTTO

Essential in color but original in shape, the **Verado White pendant lamp** is designed for those who love bright environments and decor with attention to detail.

The design features overlapping rounded elements that create a light and harmonious profile. The white finish and the glass diffuser in the same color make this lamp particularly versatile, suitable for both minimalist contexts and Nordic or contemporary style environments.

The 41 cm diameter makes it suitable for lighting a kitchen table, a dining area, or a living corner.

Verado is equipped with an E27 socket compatible with LED bulbs up to 15W and a height-adjustable cable to adapt to the room's proportions.

A discreet yet recognizable pendant lamp that decorates through simple shapes and pure white.
