DESCRIZIONE PRODOTTO

The **CUBE White Ceiling Light 12W 3000K** is a modern and essential lighting solution, ideal for indoor and covered outdoor spaces. The compact, geometric design fits easily into residential and commercial settings, offering a warm and comfortable light.

Equipped with a 12W LED source, it ensures efficient lighting with a luminous flux of 806 lumens and high color rendering (CRI 90), enhancing colors and details. The **aluminum and PMMA** body ensures strength and durability, while the **IP44** protection rating makes it suitable for damp environments such as bathrooms, porches, or entryways.

A reliable, low-consumption ceiling light with a clean look, designed for those seeking functionality and style in a single product
