DESCRIZIONE PRODOTTO

The **Segmento LED 125 cm by Vivida International** is the longest version of the Segmento collection, designed to elegantly and uniformly illuminate large spaces, both residential and professional.

Its **linear and essential body** fits perfectly into modern settings such as kitchens with islands, large dining tables, open spaces, offices, meeting rooms, and contract spaces. The dual light emission **up & down** ensures effective surface lighting and, at the same time, a pleasant diffused effect towards the ceiling, contributing to creating a balanced and comfortable atmosphere.

Thanks to the **integrated CCT selector**, you can choose the most suitable color temperature for your needs directly during installation:

- **2700K** for a warm and welcoming atmosphere
- **3000K** for a natural and balanced light
- **4000K** for operational and professional environments

The slim structure in **aluminum and polycarbonate** ensures solidity and durability over time, maintaining a minimal aesthetic that easily adapts to different decor styles.
