DESCRIZIONE PRODOTTO

The **RELOAUX 3-light ceiling lamp is** a ceiling light with a refined and original design, created for those who want functional yet decorative lighting.

Its soft, slightly irregular oval shape resembles a plectrum and gives the lamp a fluid, gentle, and contemporary look.

Thanks to the **three light points**, this ceiling lamp offers broader lighting than the single version and is ideal for rooms requiring more light, such as entryways, hallways, corridors, bedrooms, modern kitchens, or minimalist living areas.

Its discreet yet distinctive design allows it to fit easily into various furnishing contexts: from modern and minimal spaces to more elegant and detailed environments. The **4 available finishes — white, black, grey, and pink —** allow you to choose the version that best suits your home's style and the room's color palette.

The lamp is designed for **3 GX53 LED bulbs of maximum 12W each**. The driver is included, while bulbs are not, allowing you to choose the most suitable color temperature for the room.
