DESCRIZIONE PRODOTTO

ZEN is a modern pendant light that plays with the combination of shapes, colors, and different glass textures. The white diffuser with a slightly ribbed surface is paired with dove grey glass decorative elements, while the sand-colored structure keeps the overall look delicate and contemporary.

The combination of different volumes makes the lamp interesting even when turned off, transforming it into a true piece of furniture. Once lit, the white glass diffuses a soft and pleasant light, particularly suitable for domestic environments.

The one-light version is suitable above a small round table, a side table, a kitchen island, or used in pairs on either side of a bed or a console. It fits easily into modern contexts with natural colors, light wood, beige, dove grey, and neutral fabrics.
